

Cheat Sheets for Voilé Climbing Skins

Part #1102-C

For storage after use, Cheat Sheets make it easier to pull apart your skins and keep your skin glue fresh and tacky.

After trimming your Voilé climbing skins to fit your skis or splitboard, cut your Cheat Sheet to fit your skins.

- A. The Cheat Sheet is provided to you as one piece 140mm wide x 210cm long. Fold in half, and cut to make 2 separate pieces.
- B. Sandwiching the Cheat Sheet between the adhesive sides, fold each skin in half, adhesive side to adhesive side.
- C. Trim off any excess length of Cheat Sheet material.
- D. Always fold and store climbing skins adhesive to adhesive. While Cheats Sheets are for storage after use, apply Nylon Taffeta Strips to make it easier to pull apart your Voilé Climbing Skins while in use (see reverse side).

Taffeta Strips for Voilé Climbing Skins

Part #1102-T

Adding the Nylon Taffeta Strips make it easier to pull apart your Voile Climbing Skins.

Trim Taffeta Strip to match radius of riveted skin tip

Apply taffeta in center

After trimming your Voilé climbing skins to fit your skis or splitboard, apply the Nylon Taffeta Strips to the center of your climbing skins.

- A. Starting at the riveted skin tip, apply the Taffeta Strip with the shiny side of the Taffeta facing upward.
- B. Trim the Taffeta Strip where it meets the radius of the riveted skin tip.
- C. Trim any excess that extends beyond the tail of your climbing skin.
- D. Always fold and store climbing skins adhesive to adhesive. For storage after use, use Voilé Cheat Sheets (see reverse side).
